Terms and Conditions - Holiday Clinic

Severe Weather Cancellation:

Severe weather events compromise the safety of all participants at Narre North Foxes Netball Club (NNFNC). These events may include, but are not limited to, thunderstorms, high winds with the risk of falling branches, flash flooding, or severe heat. In the event of forecasted severe weather where a new venue cannot be secured, the session may be cancelled in advance (the day before or earlier). In such cases, participants will be offered a credit towards another session or products with the NNFNC. If a session is cut short or cancelled halfway through due to severe weather or unsafe conditions, refunds for the day's fees are unfortunately not possible.

Wet Weather:

We operate as an 'all-weather' program, meaning that our programs proceed in wet weather as long as conditions remain safe. Temporary rain shelters will be provided, but participants should expect to get wet, usually by choice. It is essential for all attendees (children, parents, and staff) to dress appropriately and be prepared for wet conditions.

Cancellation Policy:

Cancellations made before Friday, April 5th, will be eligible for a refund. After this date, no further refunds will be available for cancellations.
